NAMIBIA: A country will enchant you

## Preface:

### Impressions from White Africa

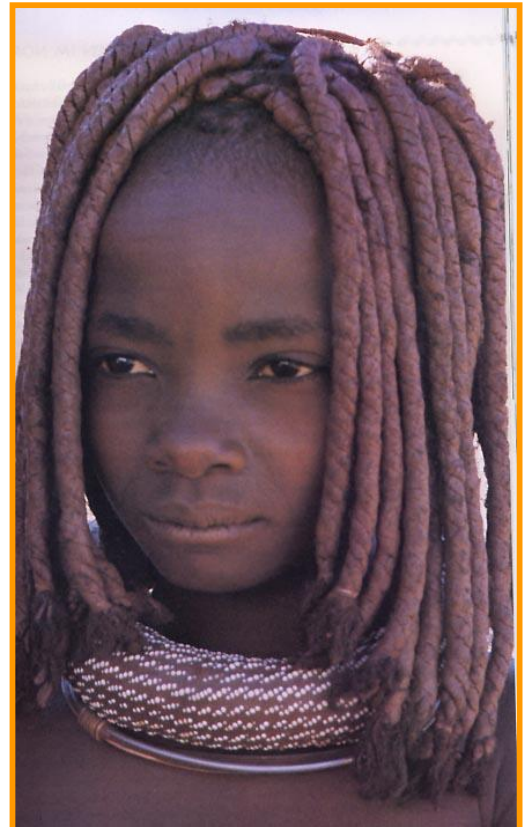

Namibia speaks German, Swakopmund admires Emperor Wilhelm, the Namib is wild, vultures are ugly, white farmers all reactionary, isn't it?

**Nothing of all that is really true. But true is, that Namibia seems to be the country of 1000 opposites. In order to get your own picture of this little paradise at the southwest coast, we would like to introduce this country during different tours. You will not experience a sightseeing tour with us, but one of the last great adventures exceptional of its kind.**

The "exceptionality" starts with our on-location cooperation partner. Harry, also named **Talula**, is not a usual touristy guide. Born in Germany, mother Austrian and father from Hamburg, he is besides his funny and competent nature also the only person providing his rental cars for **real off-road use**. And with off-road use we do not only track drives. His culinary skills are superb, his selected tracks unique and his personal entertainment programmer activates all existing laugh muscles of even the most reserved guests. The "exceptional kind" also means that our journey group drives to spots, which all-inclusive travelers will never get to see, because they would never drive there by themselves. Hence, we arrived at the topic: **"The exceptional adventure"**. With our Namibia tours we want to show the country in a way, a normal tourist would never get to see. This also includes that we do not only drive to the dunes in **Sosussvlei**, but drive across the complete **Namib Desert** from **Lüderitz** to **Walvisbaai** in a luxuriously fitted expedition convoy.

Another example is animal observation. Ask yourself if you would prefer to go to a Gamedrive on the flat **Etoschapfanne**, where innumerable all-inclusive bus tourists are going on a Gamedrive, or whether you would prefer for example to drive a 100 Km long river stage, where elephants might appear right in front of you and giraffes and Oryx pass by our camp closely in the evening. It might also happen that you have to defend your breakfast bread against curious baboons. With us you will experience Namibia in its unspoiled nature. We will not visit a Himba Village especially provided. No, we will drive to the real still existing **Himba Villages** and negotiate with them about small presents. On our selected, sometimes not so simple 4X4 routes you will experience Namibia's landscapes in a very special way. You will be overwhelmed by the fascinating photography light, experience animals in **unfenced** areas and enjoy the excellent Namibian cuisine. During the desert trip in the Namib and at the Skeleton Coast we will have to push our vehicles to the bounds of feasibility, and hereby our vehicles will have **fully comprehensive insurance** as opposed to other travel organizations. Due to our experienced cooperation partner you will still experience a real **off-road adventure** for robust off-road and nature lovers.

Namibia sightseeing tours or pure animal safaris can be booked more easily and cheaper with big all-inclusive travel organizers. As you can see it is important for us that you experience **Namibia very closely**. Our tour offer **does not** mean adventure with a safety net. Nevertheless, we will make sure that safety is always provided and for very difficult parts of the route, experienced drivers will be available for you.

## Best Travel Time:

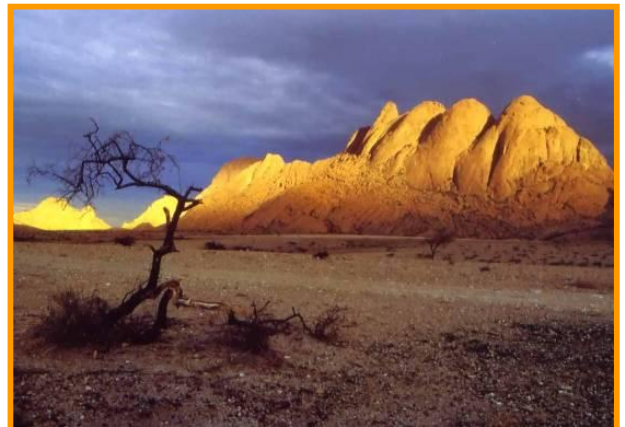

Other travel organizers prefer our summer months for Namibia tours. But we willfully carry out most of our Namibia tours between September and end of May (Namibian summer). One reason is that during the winter months it can get really cold in Namibia (June to August) and another reason is that there is much fog in the area of Namib Desert during this time. There is the nicest light for photography in November and January. Night temperatures are approx. 18-25 degrees and with exception of the far north, humidity is low. There are no big price differences during the 3 travel times. Since Namibia is very versatile, we offer you different travel priorities. You can choose freely between 13 to 25-day tours or combine them. Single tours can also be combined.

## Our Favorite:

For those traveling Namibia for the first time, we recommend to participate at the great 25-day **"Namibia Expedition"**. It includes parts from the west, north and east of the country. There you will get an unforgettable overall impression and most highlights can be admired.

## Further Variations:

**Namibia's North: "The Devils Trip":** Best off-road in Hartmannsberg and safari in the Kaokoveld.

**Namibia's West: "The Desert Trip": Variation 1:** German cultural assets in Lüderitz and Swakopmund as well as experiencing Namib Desert very closely.

**Variation 2:** The appeal of Damara Country combined with the cultural cities Swakopmund and Walvis Bay, a dune trip to Sandwich Bay, Conception Bay and a boat trip to Pelican Point.

**Namibia's East: "The Daktari Trip":** Countless animals and plentiful savannas in Manilli Park, Caprivi and Bushmannsland.

**Namibia's South: "The Diamond Trip":** Wild canyons, canoe trips on the Orange River, prohibited diamond area and desert everywhere.

**Namibia Highlights: Namibia Expedition:** The best of the country during a 25-day tour (variable planning)

**Namibia de Luxe :** Dreamlike lodges in irresistibly beautiful location and fantastic animal experiences combined with scenic highlights.

**Namibia Comfort:** Unspoiled nature in wild romantic scenery with gigantic animal kingdom, off-road driving challenges and the comfort of a bed with shower and restroom.

**Let yourself be enchanted by a versatile fascinating country and accompany us to one of our journeys.**

Our rating system at the bottom of each page will help to find the most suitable journey for you.
